THE GAZETTE.

FRIDAY, APRIL 16.

There are three things that never should strike—lightning, cyclones, and labor.

General Thomas H. Rager has been placed in command of the department of the Missouri.

In the vocabulary of fair play and honest business there is no such word as boycott.

A good many congressmen will have to march in their own funeral procession now.

The newspapers are trying to kill ex-President Arthur. But it is slow work. He is getting better.

Ohio and New York can produce a larger crop of bribe-takers than any other states in the Union.

Mr. Morrison can regain a little of the lost public confidence by talking less on the tariff question. People like few words from a man who is on the wrong track.

Dr. Mary Walker is in Pittsburgh trying to get Dr. Hale out of jail, who is accused of being a dead beat. Mary wants him out so that two birds of one feather can flock together.

It always happens that an offensive partisanship is a republicans. Of course this administration wouldn't think of such a thing as appointing a democratic work to an office. Oh, no. This administration is for reform.

Every day Mr. Cleveland is heaping up trouble. He can't educate his party as he supposed he could, and has abandoned hope in that direction. He is turning out efficient republicans too fast to please the independents, but not fast enough to suit the democrats.

There is bad blood engendered between Jay Gould and T. V. Powderly. It seems to be a personal war which is a credit to neither side. It was a very foolish thing for Powderly to make threats at Gould, and Gould does a foolish thing in not taking honorable steps to settle the matter by arbitration. A little wisdom on the part of Powderly and the order of Knights would more easily drive Gould in a corner than personal threats. Gould is a hard man to scare. A man with a hundred tickets cannot be frightened by the threat of boycotting.

The Atchison, Topeka and Santa Fe railway company has just completed arrangements whereby it has assumed complete control of the California Southern, which extends from Mohave to San Diego, Calif. The latter road was finished for traffic last fall. Continuing to-day, the Santa Fe line increases its California passenger rate. The new rate between Madison and San Francisco is: First class, \$1.50, with a rebate of \$15; making the actual fare \$20.50; second and third class, \$3.50, with a \$10 rebate, actual fare, \$24.50. The original sweep rates still prevail over the Union Pacific and Burlington & Missouri River routes. These rates are \$19.50 for first, second and third class, but the purchaser of a first class ticket is required to make a deposit of \$10 more than for a second or third class ticket, but receives it back at the end of the trip.

The other day the Gazette printed an editorial which went to show that the south was abandoning the democratic principle of free trade, and was more and more attacking itself to the republican principle of protection. Here is what the Macon Georgia Telegraph says upon the subject: "Georgia four years ago had but one daily paper—the Telegraph—which attempted to discuss the tariff from a protective standpoint, but the press quickly fell into line, and to-day there is not a paper of any importance in the state that has not put itself on record against free trade. We do not believe that any man in favor of free trade could now have his sentiments and be elected to represent any Georgia district." The south is making some important strides on this question, as well as on the question of temperance.

The other day Samuel Fessenden, of Connecticut, was in New York, and when asked what the outlook was for the republican ticket in 1888, he said it looks very Blaineish. On the outlook generally, he said: "There does not seem to be anybody else. He can get the Irish vote and the labor vote as no other man. The tide in his favor in the party seems to be stronger than ever. The failures of the Cleveland administration have made Mr. Blaine strong. The administration has gone all to pieces since Manning was taken sick. There is no administration party in the south or anywhere else to hold votes from Mr. Blaine in the national convention. He will get a large vote from the south, and he will get many more votes from New York state than ever before for the same reason. The only thing I have thought might help the democrats was that good times might come along about 1888, and good times always help the party in power. The fact that congress has rejected the president's advice in financial matters will fit that point. If times get better on the present plan of finance, it cannot be claimed as anything that the administration favored."

INTERPRETING THE MADISON ELECTION.

One would hardly suppose that the city election at Madison, which occurred for days ago, would be important enough to attract attention all over the land; but it has, and newspapers east and west and north and south are attempting to explain why the home of Postmaster General Vilas, a strongly democratic city,

should give a large republican majority, and especially a large majority for "Boss" Keyes, to which the republicans of the state will respond. Well done.

FROM LAKES TO GULF.

THE SHOCK OF THE TORNADO WORKS HAVOC AND DEATH,

But the Calamities at St. Cloud and Sauk Rapids Bear the Palm for Horror.

About One Hundred Dead So Far Reported, and the List Still Growing—Terrific Fate of a Wedding Party—A Texas Hurricane Sends Up Its List of Victims—Missouri, Kansas and Nebraska Not Forgotten.

St. Paul, Minn., April 16.—A special from Sauk Rapids says that the fury of the tornado there was inexpressible. Heavy buildings were lifted from the foundations, trees uprooted, and dashed into fragments on the earth. A long string of laden freight cars on the Manitou line in St. Cloud were buried from the tracks and ruined. The heavy iron truss bridge across the Mississippi at Sauk Rapids was snapped like a pipestem, and the heavy metal whirled above the tops of the houses until it reached the surrounding hills. Nothing that felt the breath of the cyclone survived to tell of the experience. Horses and cattle were hit by its mighty force high into the air and dropped a mile or more away, and men, women and children were ruthlessly plucked up and dashed to death by its resistless power.

Instead of doing what was expected of them, the Madison people have lost their eccentric energy and the lame Boss Keyes, the most notorious, able, and persistent republican partisan in the state of Wisconsin. Thus must be very pleasant for Mr. Keyes, and particularly impressive for Mr. Vilas. It has been supposed that Mr. Vilas wants to be a Senator in Congress from Wisconsin, and to a person with his ambition it must be desirable to be able to carry his own town. A man who can't do that must look forward to the conquest of a legislature.

If Mr. Vilas is wise enough now to see that an administration can be stronger than the party but, and, and let us hope, let us hope, that our party can be a government of party activity are not the best way to make a party strong, the doctored of Madison may have no cause to regret the election of Mr. Keyes.

This is the opinion of a small democratic newspaper, which thinks that Mr. Cleveland is wrecking his party because he does not "turn the screws out" fast enough. The Sun charges that Mr. Cleveland is wise enough now to see that an administration can be stronger than the party but, and, and let us hope, let us hope, that our party can be a government of party activity are not the best way to make a party strong, the doctored of Madison may have no cause to regret the election of Mr. Keyes.

—Two more of the wooden swings along East Milwaukee street have been taken down. The streets now present a very good appearance the only spot that furnishes a reminder of old times being the west side of Main street between Milwaukee and Court streets.

—Cards have been received in this city announcing the marriage of Mr. John Donwiddie and Miss Lizzie Sweeny, which happy event occurred Wednesday at Monroe. Both parties reside in that city, but are well known and have many friends among Janesville people.

—Last night an electric light shone brightly in front of J. W. Nash's grocery store. This light serves two purposes. It makes the front part of Mr. Nash's store as bright as day and also drives the leaves away from the corner near there. Either one of these results is worth more than the cost of the lamp.

—The lightning that accompanied the storm yesterday afternoon struck C. B. Wellington's house in the fourth ward but did no damage except to scatter a few ashes on the floor. In the town of Fulton five sheep belonging to C. H. Bates were killed by electricity but except that no damage has been reported.

—A fire on Wednesday evening in a store at Stoughton caused a big turn out of people. Many of them thronged a veranda on the front of a house adjoining the burning building, where it gave way, precipitating its occupants to the ground, and injuring a number who stood beneath. As far as can be learned no fatalities resulted from the accident.

—Before leaving the city for a visit to the Pacific coast, Hon. THE LATE ELIRAM BOWEN.

AN UNFINISHED LETTER—NO COMMENCEMENT OR DEFENSE OF THE CHINESE.

A private letter from Mr. W. S. Bowen of Yankton, eldest son of the late Eliram Bowen, written to the Gazette upon matters pertaining to the death of his father contains the following, which will be read with interest by the readers of the Gazette. Mr. Bowen's letter is dated at Yankton, April 10th, and alluding to the death of his father says:

"It is just literary effort was the beginning of a letter to the Gazette, which has fallen into my possession as a keepsake. All he wrote of this was:

"LOS ANGELES, Feb. 27, 1852.

"The intolerant feeling among the people of this coast towards the Chinese is increasing. In some respects the Chinese are not a lovely race. Their peculiarities have induced the bocchini element of all races to take up the cry that they must go! It is the old—

Here the record of his thoughts ended, He laid down his pencil and took to the bed from which he never rose—his life's work ended and its burdens bequeathed to posterity. The Gazette, through which he labored so long, was to have received the last efforts of an active intellect, but the physical prohibition came before his feeble head could trace another protest in behalf of human rights and human liberty. He had begun another appeal which would have been in consonance with his life's work—an appeal for an oppressed race, suffering under wrongs which the world does not yet recognize. Those who remember his writings in the early days of the anti-slavery agitation will understand the motive which prompted his intended defense of the Chinese of California.

Again thanking you for your kindness I am

Sincerely yours,

W. S. BOWEN.

FAREWELL RECEPTION.

A company of about forty assembled last evening at the home of Mrs. W. S. Bennett, on Main street to say good bye to the Rev. Walter A. Evans and his wife, late of Court Street church. The company was composed largely of the new members of the church who very naturally are strongly attached to the retiring pastor.

Mr. G. A. Hayes, in behalf of the friends presented Mr. Evans with a package containing twenty-six dollars as a slight token of regard and appreciation, to which the reverend gentleman responded, thanking them very feelingly for their sympathy and appreciation. He took occasion to say that he had been publicly and falsely accused of leaving the Methodist church for money considerations and that he was at a loss to account for the fact that men having any regard for the truth should so construe his action. He wished to assert most emphatically that it was unqualifiedly false.

In his closing prayer he thanked the Lord that he had possessed the courage to preach the truth plainly although at great sacrifice, leaving the impression that he was obliged to sever his connection with Court Street church because they would not tolerate his style of preaching. To correct any false impression which may be obtained as the result of this kind of nonsense, it is perhaps due to the church in question to state that the collegial board of the church, composed of twenty men, in executive session gave the vacating pastor to understand that if he left the work in the middle of the year that he must take the responsibility upon himself. And he gave the board to understand that he would be obliged to leave unless his salary could be increased. Aside from this he was asked to remain and the pastor responded, thanking the board for its confidence in him.
